

Dashou PMS at GROOVY Apartment in Thailand

Thanks to advanced features of DASHOU's Parking System, DASHOU was chosen by GROOVY Apartment (7/8 Moo.7, Bang Bo Sub-District, Bang Bo District, Samut Prakarn 10560, Thailand) to be the official supplier of Parking System. 2 sets of **PM510D Economic Season Parking System** for 2 entries & 2 exits have been successfully installed and have been working fine since their installation .

This **PM510D Economic Season Parking System** serves season parkers only:

- Season Parker drives to entry and swipes his registered card onto unmanned Entry Station, the Entry Barrier will automatically open and he enters. The same happen at exit.

Dashou **PM510D Economic Season Parking System** is the ideal solution for managing pay-to-park parking lots, for season parkers only. Composed of Entry Station, Exit Station, Entry Barrier, Exit Barrier, loop Detector, and software, DASHOU PMS makes your parking lots secure, intelligent, highly efficient and of course help the owner increase parking profit.
